

LEDY N 24V AC/DC MEDIUM - LINEAR LED LAMPS | NIK LED SECURITY

LEDY N MEDIUM

24V - 10W - IP67

Straight Female connector with power cable

90° Female connector with power cable 5mt

GORE valv

M12 connector at 4-pin

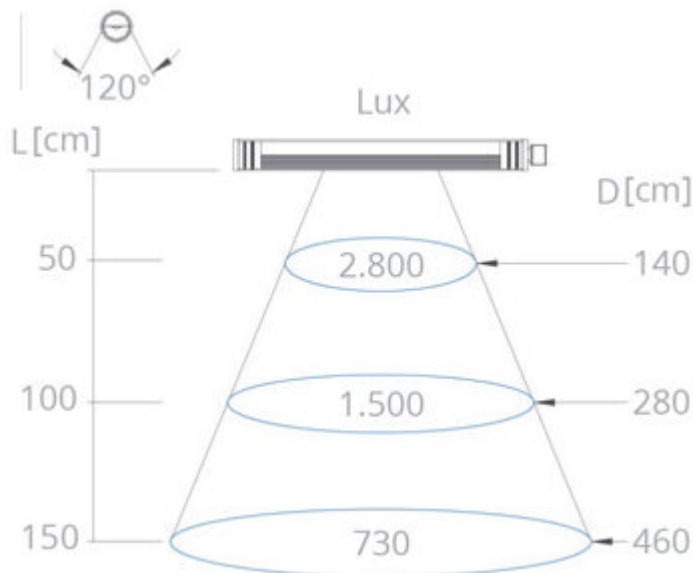

APPLICATIONS

LED tubes Nik Light - Led Security - are studied and designed for lighting machine tools and production plants, but they are also ideal for safety installations, loading-unloading areas on traditional or CNC machines.

These light tubes are manufactured with highly resistant materials and are equipped with a Gore ® valve, which allows to manage humidity and condensation and to prevent the penetration of contaminated external agents. For this reason these lamps are particularly resistant in difficult environments, rich in dust, chips and cooling lubricants.

They are equipped with powerful LED and are available with power supply 24V-AC/DC, 5W - 10W - 15W luminous efficiency and protection class IP67.

STANDARD 120° LED MODULE

VOLTAGE:

24V-DC built-in LED driver

STANDARD:

outer tube in acrylic (glass in option)

M12 male connector at 4-pin

1 couple of fixing clips

Gore valve

ATTENTION:

bisogna sempre ordinare i connettori Femmina con cavo a scelta tra:

- Straight female connector with 5mt power cable
 - 90° female connector with 5mt power cable
-

WXLED

10W

CABLE.MT

Female connectors at choice: Straight female connector / 90° female connector with 5mt power cable

KG

With acrylic tube: 0,27

With glass tube: 0,37
