

WIDE FLAT MEDIUM

24V - 28W - IP69

Cable without Plug

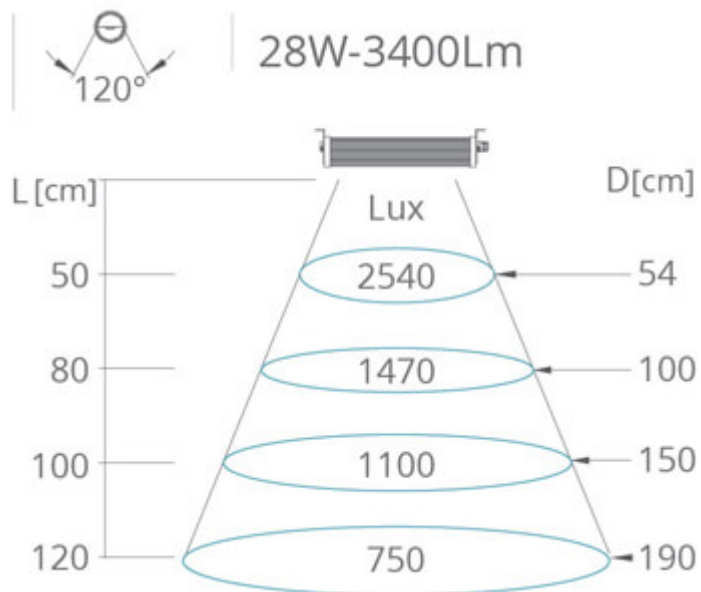

APPLICATIONS

The Wide Flat - Nik Light - Led Security - series is composed by compact linear lamps for ceiling and wall installation, suitable for any kind of environment or machine tools. They are available with 24V-DC power supply, 14W - 28W - 56W luminous efficiency and protection class IP69.

These complementary LED lamps are equipped with mounting brackets adjustable till max. 40°, so that it is easy to direct the luminous flux.

All extruded parts and the side plastic caps are manufactured with high performance materials, which allow these lamps to be installed in particularly difficult environments: high resistance to vibrations, shocks and chemical agents, such as oil, cooling lubricants and dust.
